

LOGISTICS COMMANDER

Check-List

Direct and coordinate all the incident Logistics and Support operations in the field. Report to the INCIDENT COMMANDER and keep the INCIDENT COMMANDER informed. The Logistics Commander is responsible for all supplies and equipment.

- Organize auxiliaries for Golf Cart and other duties.
- If power is out, deploy auxiliaries to move generator (in storeroom) to BBQ area, hook to natural gas line, activate and run two 12ga extension cords to Game Room and Billiard Room. If no natural gas is available, commandeer propane tanks in patio heaters, arrange to solicit residents for gasoline in 2-5-gallon containers or 20 lb. propane tanks.
- If lodge is damaged, and shelter is needed, commandeer the popups in the storeroom
- If wheel chairs/walkers are needed, commandeer them from the storeroom.
- Ensure power is available to key areas, especially radios. Obtain extension cords from Ballroom equipment room. If lodge attendant absent, use crowbar.
- Deploy Golf Cart Volunteers to await assignment adjacent to storeroom. Have lodge attendant open

gate access. If necessary, remove gate lock with available tools (grinder, bolt cutters.)

- Dispatch golf cart volunteers to deliver equipment, supplies, to field SCs as requested by IC/OC.
- Dispatch golf cart volunteers (SUV) or other volunteers to transport victims to the lodge as directed by IC/OC.
- Assign auxiliaries to direct medical response (ambulance, etc.) to victims.
- FORMS: GOLF CART VOLUTEERS, INVENTORY, CERT FORM #7, #3
